THE SOCIETY FOR THE ADVANCEMENT OF MANAGEMENT JOURNAL

Volume I
1936
INDEX

Engineering Societies Building
29 W. Thirty-Ninth St.
New York, N. Y.

NOVEMBER, 1936 VOL. I, No. 5

Section 2

Contents

I. Titles

Annual Meeting 142
Application of Motion Study Principles to Inspection Work, The—*William A. Hutchison* 125
Applications of Motion Study in R. H. Macy & Co., Inc.—*B. Eugenia Lies* 116
Applications of Motion Study in Sears, Roebuck & Co.—*W. C. Hartman* 118
Appraisal of the Possibility of Plenty, An, An Article-Review of Five Books—*H. L. McCracken* . . . 50
Automobile—*See* Measured Day Work Replaces Incentives in the Automobile Assembly Industry . . . 162
Badge—*See* The S. A. M. Badge 70, 100
Bonus—*See* Is Bonus Necessary? 130
Brookings Institution—*See* An Appraisal of the Possibility of Plenty 50
Business—*See* The Future Relations of Government to Business 37
Certificate—*See* The S. A. M. Badge, The Certificate 70, 100
Challenge to Management, A—*Leon C. Stowell* 82
Comment, Editorial 1, 29, 61, 93, 141
Competition—*See* The Regulation of Competition 15
Consumers—*See* Some Experiments in Customer Research 75
Control—*See* Cost Control in the Office 98
—*See* Planning and Production Control in the Factory 94
—*See* Production Planning and Control 3
Cost Control in the Office—*Roy G. Rank* 98
Day Work—*See* Measured Day Work Replaces Incentives in the Automobile Assembly Industry . . . 162
"Dead Time"—*See* The Effect of "Dead Time" on Inventory in Process 71
Delivery—*See* The Development of a Standard of Measurement for the Performance of a Package Delivery Truck 42
Department Store—*See* Applications of Motion Study in R. H. Macy & Co., Inc. 116
See Applications of Motion Study in Sears, Roebuck & Co. 118
Development of a Standard of Measurement for the Performance of a Package Delivery Truck, The—*E. Willis Whited* 42
Distribution—*See* Recent Scientific Techniques in Measuring Distribution and Factors Affecting Distribution 89
Eastern Regional Convention 49
Editorial Comment 1, 29, 61, 93, 141
Effect of "Dead Time" on Inventory in Process, The—*Ralph C. Davis* 71
Employe Training—*See* Motion Study as a Basis of Employe Training 106
Executives—*See* A New Technique in Executive Training 9
Factory Management—*See* Motion Study in the Factory 114, 122
—*See* Planning and Production Control in the Factory 94
Field of the Industrial Engineer in Merchandising—*George W. Stidstone* 78
Functions of Management in Retail Store Operation—*Roy E. Clark* 101
Future Relations of Government to Business, The, Some Controlling Factors—*H. S. Person* 37
Government—*See* The Future Relations of Government to Business 37
Guides to the Efficient Choice of Household Goods—*Helen W. Atwater* 90
Household Goods—*See* Guides to the Efficient Choice of Household Goods 90
Incentives—*See* Measured Day Work Replaces Incentives in the Automobile Assembly Industry . . . 162
Industrial Engineer—*See* Field of the Industrial Engineer in Merchandising 78
Industrial Engineering—*See* The Larger Aspects of Industrial Engineering 25
Inspection—*See* The Application of Motion Study Principles to Inspection Work 125
Inventory—*See* The Effect of "Dead Time" on Inventory in Process 71
Is Bonus Necessary?—*C. A. McClung* 130

Larger Aspects of Industrial Engineering, The—*Walter Rautenstrauch* 25
Management—*See* A Challenge to Management 82
Measured Day Work Replaces Incentives in the Automobile Assembly Industry—*C. B. Gordy* . . . 162
Meetings—*See* Annual Meeting 142
—*See* Eastern Regional Convention 49
Merchandising—*See* Field of the Industrial Engineer in Merchandising 78
More Summaries (Continuing the abstracts of papers delivered by American Participants at the Sixth International Congress for Scientific Management) 89
Motion Study—*See* The Application of Motion Study Principles to Inspection Work 125
—*See* Applications of Motion Study in R. H. Macy & Co., Inc. 116
—*See* Applications of Motion Study in Sears, Roebuck & Co. 118
—*See* Over-all Motion Study 107
Motion Study as a Basis of Employe Training—*Lillian M. Gilbreth* 106
Motion Study in the Factory—*William R. Mullee* 122
Motion Study in the Factory—*Herbert C. Sampter* 114
Motion Study in the Office—*R. P. Brecht* 110
National Management Council, Report of the Chairman, Third Annual Meeting—*Harry Arthur Hopf* . 85
New Technique in Executive Training, A—*A. B. Gates* 9
Office Management—*See* Cost Control in the Office 98
—*See* Motion Study in the Office 110
On Planning, With Especial Reference to Social-Economic Planning—*H. S. Person* 143
Over-all Motion Study—*F. J. Van Poppelin* 107
Personnel Management, Past, Present and Future—*Ordway Tead* 157
Philadelphia—*See* Eastern Regional Convention 49
Planning—*See* On Planning 143
—*See* Production Planning and Control 3
Planning and Production Control in the Factory—*C. F. Gunther* 94
Plenty—*See* An Appraisal of the Possibility of Plenty 50
Production—*See* Planning and Production Control in the Factory 94
Production Planning and Control—*T. M. Landy* 3
Psychology—*See* Some Psychological Aspects of Scientific Management 67
Pulling the Teeth of Rate Revisions—*Dale Purves* 132
Rate Revisions—*See* Pulling the Teeth of Rate Revisions 132
Recent Scientific Techniques in Measuring Distribution and Factors Affecting Distribution—*Henry C. Link* and *Rensis Likert* 89
Regulation of Competition, The—*Nelson B. Gaskill* 15
Research—*See* Some Experiments in Customer Research 75
—*See* Time Studies in Commercial Research Work 21
Retail Store—*See* Functions of Management in Retail Store Operation 101
Review of Scientific Management, A—*Walter D. Fuller* 127
Scarcity—*See* An Appraisal of the Possibility of Plenty 50
Scarcity Again! Two Comments—*Harold Loeb* and *Harold M. Davis* 170
Scientific Management—*See* A Review of Scientific Management 127
—*See* Some Psychological Aspects of Scientific Management 67
Some Experiments in Customer Research—*Robert F. Elder* 75
Some Psychological Aspects of Scientific Management—*Paul Strong Achilles* 67
Standards—*See* The Development of a Standard of Measurement for the Performance of a Package Delivery Truck 42
Suggestions for a New System of Wage Payment—*Harlow Osborne* 166
Summaries—*See* More Summaries 89
Tax on Undistributed Profits, The—*David M. Figart* 149
Time Studies in Commercial Research Work—*Frank M. Surface* 21

Time Study—*See* What Management Expects from the Time Study Department 129
Time Study Yard Stick, A—*George P. Lechler* 134
Training—*See* Motion Study as a Basis of Employe Training 106
—*See* A New Technique in Executive Training 9
Training and Selection of Workers—*Ralph W. Langley* and *John R. Edwards* 31
Trucking—*See* The Development of a Standard of Measurement for the Performance of a Package Delivery Truck 42
Unemployment Insurance, A Problem of Administration—*C. A. Kulp* 137
Wage Payment—*See* Suggestions for a New System of Wage Payment 166
What Management Expects from the Time Study Department—*James M. Talbot* 129
Works Progress Administration—*See* Worthwhile Work 63
Worthwhile Work, The Works Program of the Works Progress Administration—*Perry A. Fellows* . 63

II. Authors

Achilles, Paul Strong—*Some Psychological Aspects of Scientific Management* 67
Atwater, Helen W.—*Guides to the Efficient Choice of Household Goods* 90
Brecht, R. P.—*Motion Study in the Office* 110
Clark, Roy E.—*Functions of Management in Retail Store Operation* 101
Davis, Harold M.—*Scarcity Again!* 171
Davis, Ralph C.—*The Effect of "Dead Time" on Inventory in Process* 71
Dickson, William B.—*See* Personnel Management 160
Edwards, John R.—*Training and Selection of Workers* 31
Elder, Robert F.—*Some Experiments in Customer Research* 75
Fellows, Perry A.—*Worthwhile Work* 63
Figart, David M.—*The Tax on Undistributed Profits* 149
Fuller, Walter D.—*A Review of Scientific Management* 127
Gaskill, Nelson B.—*The Regulation of Competition* 15
Gates, A. B.—*A New Technique in Executive Training* 9
Gilbreth, Lillian M.—*Motion Study as a Basis of Employe Training* 106
Gordy, C. B.—*Measured Day Work Replaces Incentives in the Automobile Assembly Industry* 162
Gunther, C. F.—*Planning and Production Control in the Factory* 94
Handler, Milton—Discussion of *The Regulation of Competition* 20
Hartman, W. C.—*Applications of Motion Study in Sears, Roebuck & Co.* 118
Hathaway, King—Discussion of *Training and Selection of Workers* 36
Hopf, Harry Arthur—*National Management Council, Report of the Chairman, Third Annual Meeting* . . 85
Hutchison, William A.—*The Application of Motion Study Principles to Inspection Work* 125
Kulp, C. A.—*Unemployment Insurance, A Problem of Administration* 137
Landy, T. M.—*Production Planning and Control* 3
Langley, Ralph W.—*Training and Selection of Workers* 31
Lechler, George P.—*A Time Study Yard Stick* 134
Lies, B. Eugenia—*Applications of Motion Study in R. H. Macy & Co., Inc.* 116
Likert, Rensis—*Recent Scientific Techniques in Measuring Distribution and Factors Affecting Distribution* 89
Link, Henry C.—*Recent Scientific Techniques in Measuring Distribution and Factors Affecting Distribution* 89
Loeb, Harold—*Scarcity Again!* 170
Lytle, Charles W.—Discussion of *Suggestions for a New System of Wage Payment* 169
McClung, C. A.—*Is Bonus Necessary?* 130
McCracken, H. L.—*An Appraisal of the Possibility of Plenty* 50
Mullee, William R.—*Motion Study in the Factory* 122
Osborne, Harlow—*Suggestions for a New System of Wage Payment* 166
Person, H. S.—*The Future Relations of Government to Business* 37
—*On Planning* 143

Porter, David B.—Discussion of *Suggestions for a New System of Wage Payment* 169
Purves, Dale—*Pulling the Teeth of Rate Revisions* 132
Rank, Roy G.—*Cost Control in the Office* 98
Rautenstrauch, Walter—*The Larger Aspects of Industrial Engineering* 25
Sampter, Herbert C.—*Motion Study in the Factory* 114
Stidstone, George W.—*Field of the Industrial Engineer in Merchandising* 78
Stowell, Leon C.—*A Challenge to Management* 82
Surface, Frank M.—*Time Studies in Commercial Research Work* 21
Talbot, James M.—*What Management Expects from the Time Study Department* 129
Tead, Ordway—*Personnel Management* 157
Van Poppelin, F. J.—*Over-all Motion Study* 107
Whited, E. Willis—*The Development of a Standard of Measurement for the Performance of a Package Delivery Truck* 42

III. Reviews

America's Capacity to Consume, by *Brookings Institution*—Reviewed by H. L. McCracken 50
America's Capacity to Produce, by *Brookings Institution*—Reviewed by H. L. McCracken 50
Art of Conference, The, by *Frank Walser*—Reviewed by Mary Cushing H. Niles 60
Chart of Plenty, The, by *National Survey of Potential Product Capacity*—Reviewed by H. L. McCracken . 50
Executive Guidance of Industrial Relations, by *C. C. Balderston*—Reviewed by Ordway Tead 90
Ford Production Methods, by *Hartley W. Barclay*—Reviewed by E. Dillon Smith 92
Formation of Capital, The, by *Brookings Institution*—Reviewed by H. L. McCracken 50
Income and Economic Progress, by *Brookings Institution*—Reviewed by H. L. McCracken 50
Management of an Enterprise, by *C. Canby Balderston*—Reviewed by Ralph C. Davis 27
Report of the National Survey of Potential Product Capacity, by *Works Division of the Emergency Relief Bureau*—Reviewed by Walter N. Polakov 90
Savings Plans and Credit Unions in Industry, by *F. Beatrice Brower*—Reviewed by M. R. Neifeld . . . 172
Triumph of Mediocrity in Business, The, by *Horace Secrist*—Reviewed by Paul H. Nystrom 59
